## 0FOG

## No fog cleaner & antistatic spray

for all types of lenses and helmet visors

12 PCS BOX

- 1 APPLY**  
a small amount  
on both lenses
- 2 DRY**  
with a soft tissue
- 3 24 H DURATION**  
even in presence of strong  
temperature changes

**0FOG** ensures an excellent and long-lasting vision thanks to its anti-fog, detergents and antistatic properties.

It is extremely effective on helmet visors and suitable for all ophthalmic lenses, prescription and GEKO lenses, and all our sport/cycle/lifestyle polycarbonate, plastic and glass lenses.

It works perfectly on all lenses treated with anti-reflective, anti-scratch, anti-fouling. It does not damage treated or colored surfaces.

It contains neither silicones nor propellants, consequently it is eco-compatible, produced with raw materials “made in Germany”.
